## **Introduction**

Visakha Valley School, Visakhapatnam – 40 was started by Visakha Education Society in 1968 and registered under the Societies Registration Act, in 1968. It provides co-education with English as the medium of instruction and is run on no profit and no loss purely in service of the public.

The School aims at imparting instruction to its pupils in order to develop them into good citizens of the nation, and occupy positions of leadership in future. As such, the instruction involves a harmonious blend of scholastic as well as co-scholastic activities with a stress on achieving holistic excellence. Special training is given not only in the development of moral, cultural, spiritual and social values but also on intellectual and physical growth. To sum up, it aims at the development of a complete personality promoting rational and original thinking both creative and critical in the child in a free atmosphere without any indoctrination.

**Dr.(Smt).Eshwari Prabhakar**  
Principal, Visakha Valley School

Leadership is often defined as an action, not position. But for this born leader, position appears to be just a natural and instant reward for her diligent actions and dedicated efforts. Yes, she knows what needs to be done and more importantly, how to do it. To be presented in a nutshell, that is Dr.EshwariPrabhakar, M.Sc.,M.Ed.,Ph.D, Strategic Leadership from IIM Ahmedabad, CSML from Harvard Univeristy, Principal, Visakha Valley School.

The high-profile pedagogue, with a brilliant academic career with thirty years of great experience to her credit, is an erudite scholar and eloquent speaker. She has been striding the field of education like a colossus for the past three decades. With commendable grit, gumption and courage of conviction, she has emerged as a visionary and a trailblazer, climbing the ladder of success rung by rung. As a seasoned academician and an able administrator, she has won a robust applause. It was justifiably followed by an impressive array of awards bestowed on her by prestigious institutions across the country.

Taking leadership role of institution of any magnitude is just a natural consequence for her. She is perfectly equipped with down to earth attitude, iron will and a heart full of compassion – the essential traits needed for a guide and mentor of her stature. She has proven her mettle by helming renowned educational institutions and reaching them to pinnacles of success.

Spelling out her seemingly simple success mantra, she cites three keys that unlock the door to personal excellence – the will to win, the desire to succeed and the urge to reach full potential. Neither hardships nor hurdles have ever impeded her pace and facility. Professionalism and pragmatism are the two pivots on which her well-crafted mission rests. Without compromising on time-tested traditional values, she keeps an open mind on out of the box concepts and innovative ideas that prepare young individuals to take the fast moving world head on.

A competent leader as she is, her stress is always on efficacious group initiatives and activities. A strong votary of decentralization of power, she involves her staff in decision making process at every possible opportunity. While she generously acknowledges the role of her faculty, she is all empathy for parents, whose trust is imperative to build and sustain the reputation of a school.

With a strong belief in holistic education that doesn't limit to academic excellence alone, she encourages the students to explore other frontiers like sports, art & culture and life skills. Her view of education assumes a large dimension as it focuses on building amiable and disciplined atmosphere on the campus and character and capabilities in the students. Under her guidance, students are nurtured in a demographic way and are taught to share and care. She is all for a result-oriented and positive competition, which helps students in taking both success and failure with equanimity. To bring out the very best from her students and staff, she constantly raises the bar and sets new goals.

"Indisputably, it is the happy and healthy sea of faces of my students that makes my day. It adds that extra spring to my feet and boundless joy to my heart," says Dr.Eshwari, academician par excellence.
